* *Check with customer service on availability and configuration*

** *Comes standard with toggle*

Please Note: Average life expectancy for a wheel chair with normal use is five years.

1. 17 1/2 inch Seat to Floor Height reduces tilt to 35°
2. For additional colors, please call Customer Service
3. Back Height is measured from the rear center of the seat pan to the top center of the back. Angle Top Back has backposts that are 2" lower than Flat Top Back backposts for the same height back.
4. Extra back foam is available as a custom option. Please Call Customer Service to order.
